

The diagram shows a vertical rectangular layout for a book cover. It features several horizontal and vertical lines: a solid red line forming the outer boundary, a dashed blue line forming an inner boundary, and a dotted green line forming a safety zone. The layout is divided into five sections from top to bottom: 'Back Panel', 'Top Spine', 'Front Panel', 'Bottom Spine', and 'Glue Tap (not printed)'. The 'Back Panel' and 'Bottom Spine' sections are enclosed by the dotted green line. The 'Top Spine' and 'Bottom Spine' sections are separated from the 'Front Panel' by horizontal red dashed lines. The 'Glue Tap' section is at the very bottom, below the 'Bottom Spine' section.

Back Panel

Top Spine

Front Panel

Bleed your art  
to the outer  
blue line.  
Keep  
important art  
inside green  
safety zone.

Bottom Spine

Glue Tap  
(not printed)
