

# 12" Labels

12-L001-A3

**SIDE A**

**SIDE B**

## **PMS Colors:**

Outer dotted line is bleed – extend all background art to this line.  
Middle solid line is cut line – this is where the art will be cut.  
Inner dotted line is safety margin – keep all important elements within this line.  
Keep “Template” layer locked and separate from art. Work only on “Art” layer or any additional layers you create.

**As part of the manufacturing process, center labels are baked in an oven which may shift colors in your artwork.**
